Watch for suspicious activity. Generally, anything that seems even slightly out of the ordinary, for your area or for the time of day, may signal criminal activity. Any type of activity or circumstance that seems unusual should be reported.

Some examples are:

- A stranger loitering in your neighborhood or a vehicle cruising the streets repeatedly
- A high volume of traffic going to and coming from a home on a daily basis
- Someone peering into cars or the window of a home
- Open or broken doors and windows at a closed business or an unoccupied residence

Some examples of Crime Prevention Strategies:

- Lock your homes and vehicles
- Mark your valuable items for identification
- Never give your name, address, or other information to unknown telephone callers
- Report any crime, no matter how small, to the police
- Teach your children about stranger danger and who they should go to for help
